

STEEL PRODUCTS

SOURCE

Flat products and billet are imported from South Korea, Taiwan, China, and the Russian Commonwealth.

Wire and rod products are manufactured in Vietnamese mini-mills using imported billet. Some heavy structural steel sections are imported.

STANDARDS

Steel products are manufactured to European, Australian, Japanese, and American standards. Enquire for the required standard.

STRUCTURAL STEEL LENGTHS

Structural steel sizes in RSJ/'I' beam, column, channel, and equal angle, are in 12 meter lengths for heavier sections, and lighter sections in 6 meter lengths.

OTHER STEEL PRODUCTS AVAILABLE

Black and galvanized pipe, seam-welded, for general, structural, heavy engineering, and pressure service.

Square and rectangular hollow section pipe in black and galvanized steel.
Deformed bar in all diameters from 8 mm to 32 mm in 11.8 meter lengths to G-300/G-350 hardness.

Plain and deformed wire coils in black and bright wire to 12 mm diameter wire, and 1500 kgs to 3000 kgs per coil.

6 meter long 1000 kg bundles of bright, straight, plain and deformed wire, in black or galvanized, from 5 mm to 16 mm diameter.

WELDMESH (CONCRETE RE-INFORCING MESH)

Available in square aperture 200 x 200 mm and rectangular aperture 100 x 300, with plain or deformed wire sizes from 5 mm to 10 mm in 1 mm increments. Other dimensions and wire sizes available to order. Sheet sizes to 6.0 x 2.4 meters.

GENERAL

AICO can supply about 300 different steel products to your order. Orders are shipped in the container type specified by the buyer, or to AICO's recommendation in DC, open-top, high-cube, or flat-rack types.

Also available, fabricated structural steel in column, box, and channel sections to special sizes in black, sand-blasted and primed, or galvanized.

AICO is always interested in fabrication work for repeatable heavier items – minimum individual mass 50 kgs. Items can be unpainted and stitch welded for final finishing in the buyer's facility, or supplied completely finished and painted.

AVAILABILITY FOR SHIPPING

Almost all products available 14 days after order receipt, except for some of the heavier structural steel, special sizes, or fabricated pieces. AICO will advise lead time on any non-standard or fabricated item.
